

IDENTITY VERIFICATION

To Our Patients:

To help us to expedite your visit, please have your Driver's License, all Insurance Cards (primary, secondary, tertiary) available at the time of your office visit. You **must** have your Social Security card or proof of your Social Security number available at your office visit. This will help us to verify your identity.

If you have any questions please ask to speak with the Office Administrator.

DOCUMENTATION NEEDED FOR OFFICE VISIT

To assist in your treatment it is very important that you supply our office with previous treatment records. This should include documents from your referring physician and, if applicable, any imaging reports such as MRI's, CT scans and X-ray reports. Although all documents are important, those done within the last 6 months are preferred. Please feel free to contact our office at 321-733-0064 if you should have any questions.

Thank you for your cooperation.
